

Year 2
Spring - 2024

Literacy

Our first text this term is a combination of story and factual information. Mrs Armitage and the big wave is a funny story. Children will practise using noun phrases to add interest. Lastly, we will read the story of Henry who is looking for a perfect pet. Then they will write their own perfect pet advert and then their own version of the story.

Maths

We follow White Rose Maths. Our first unit is all about money and coins. We will look at different denominations and coins. We will count amounts in pence and pounds. Then we will look at different ways to make the same amount. Next we will move on to multiplication and division. This is the first time the children will have learnt about these things at school. We will look at equal groups, doubling and halving and 2, 5 and 10 times tables. The final unit is height and length.

Science

We will begin with a unit called 'Taking care of my body'. Children will learn about stages of health, keeping healthy and the importance of exercise.

PSHE

We are following the Jigsaw Scheme and will cover the topics of 'Dreams and Goals' for the first half term, and 'Healthy me' after half term.

Geography

This half term we have a Geography focus - we will be looking at Hawaii. First we will be finding out where it is in the world then looking at the climate and how it affects people and animals who live there. Finally, we will compare Hawaii and Ivybridge! Next half term we will have a History unit focussing on local history and life in the Seventeenth Century.

Art and DT

In art we will look at how to create different textures with paint. After half term it will be DT.

RE

We will be learning about Judaism, what it means to be Jewish. We will learn about Jewish practices and celebrations.

Music

We will be learning about pulse, rhythm and pitch. We will also be thinking about the question, 'How does music help us to make friends?'.

PE

Our PE days are Mondays and Tuesdays. Please come to school in your PE kits on these days. We will be learning dance and ball games.

ICT

We will be looking at giving instructions and programming. We will be imputing commands into floor robots and making our own algorithms to move robots in certain ways.
